

LINIER™ 3140 Series Fixed Wallmount Cabinet

6U - 3140-3-001-06

If you are looking for the right wall mount rack at the right price, the LINIER™ brand is the solution for you. The feature rich design gives you a universal enclosure, guaranteed to function for a variety of applications.

Cost-Effective Design	Innovative engineering and outside-of-the-box thinking paved the way for this durable, American-made, yet economical wall mount enclosure.
Numerous Laser Knock-Outs	Strategically placed laser knock-outs provide a plethora of locations to feed copper or fiber optic cabling into the cabinet, or to install an optional fan kit for temperature control.
Adjustable Rails	The included set of cage nut style rails fully adjust in 1 inch increments to accommodate the various depths of equipment on the market. Additional rails are available for devices that require 4-point mounting.
Removable Side Panels	Easy-to-remove side panels provide more access for growing or changing cabling schemes, as well as offer the option for increased air flow to prevent equipment from overheating.
Locking Doors and Side Panels	The locking feature provides additional security for all three access points, to keep your valuable rack mounted equipment safe from unauthorized use.
Reversible Glass Door	Tempered safety glass door can be removed or reversed to be left or right mounted, to accommodate your particular installation
